Professional Summary

B.Tech fresher in Computer Science & Engineering (AI & ML) from Government Engineering College Jamui, passionate about Artificial Intelligence, Deep Learning, and solving real-world problems through technology. Designed and developed **AgriVision XAI** — an AI-powered crop disease detection system using Vision Transformer and Explainable AI, as Final Year Project. Gained practical industry exposure through **3 internships** in product development and software engineering. A self-motivated and quick learner, ready to contribute, grow, and add value from day one in a professional environment.

Education

Government Engineering College Jamui — Bihar Engineering University

Nov 2022 – May 2026

B.Tech — Computer Science & Engineering (AI & ML) — CGPA: 7.3

Jamui, Bihar

M.S. College, Mairwa — Intermediate (12th), Science Passed

R.K.N.I.C. School, Ballia — High School (10th) Passed

Technical Skills

Languages	C, C++, Python, SQL
AI / ML	Deep Learning, Explainable AI (XAI), Vision Transformer (ViT), CNN
Web Development	HTML, CSS, React.js
Database	MySQL
Dev Tools	Git, GitHub, VS Code, Jupyter Notebook
Computer Skills	MS Word, MS Excel, MS PowerPoint, MS Office Suite

Experience

JhaJi Fastsewa E-Facilities Pvt. Ltd.

Dec 2025 – Feb 2026

Software Development Intern (Offline + Remote)

Bihar

- Contributed to **Fastsewa Super Portal & Android Application** across two consecutive internship stints.
- Worked on product development, system design, and industry-oriented software engineering workflows.
- Performance rated **Highly Satisfactory**; recommended for campus placements and professional roles.

Eisystems Technologies — TECHNEX 25, IIT BHU Varanasi

May 2025 – July 2025

Website Development Intern

Remote

- Completed 6-week training in website development and submitted a comprehensive project report.
- Gained practical exposure to frontend development, responsive design, and professional workflows.

Projects

AgriVision XAI — AI-Powered Crop Disease Detection & Farmer Advisory System

Jan – May 2026

Python, Vision Transformer (ViT), Explainable AI (XAI), CNN, React.js, MySQL

- Achieved **99.28% validation accuracy** across **38 plant disease classes** using **Vision Transformer (ViT)** with XAI — trained on **PlantVillage** and **PlantDoc** datasets.
- Built farmer-facing web app**: upload crop image → instant disease detection → treatment solutions → **PDF report download**, reducing dependency on agricultural experts.
- Integrated **AI chatbot** for real-time farming queries and **weather forecasting** for smarter, data-driven farm decisions.
- XAI explainability layer** highlights which part of the leaf is diseased — making AI transparent and trustworthy for farmers. *Supervised by Asst. Prof. Debesh Kumar Shandilya, GEC Jamui.*

Certifications

- NPTEL** — Big Data Computing IIT Kanpur **Elite** Score: 77% Aug–Oct 2025
- NPTEL** — Soft Skill Development IIT Kharagpur **Elite** Score: 61% Jan–Mar 2025
- iHUB DivyaSampark, IIT Roorkee** — Python for ML, Data Science & Web Development 2023
- SmartInternz / AICTE** — Salesforce Developer Virtual Internship Dec 2023 – Jan 2024

Coursework

- Data Structures & Algorithms
- Machine Learning & Deep Learning
- Explainable AI (XAI)
- Database Management Systems
- Computer Networks
- Operating Systems
- Object Oriented Programming

Coding Platforms & Extra Curricular

- Active on **LeetCode** — regularly solving DSA and algorithmic problems.
- Awarded **NPTEL Silver Medal** in Big Data Computing — ranked among top performers nationwide, IIT Kanpur, 2025.
- Presented **AgriVision XAI** as Final Year Project — Dept. of CSE (AI & ML), GEC Jamui, May 2026.
